

GUIDED CYCLING TOUR

- **Duration: 2 hours approx.**
- **Place : Sevilla**

Another good way to discover the city can be having a nice cycling tour of the city. The city of Seville is one of the most bike friendly cities of Europe, with nearly 100 km of bike routes.

The participants will be given everything they need in order to be able to cycle in Seville while they see the most important monuments of the city.

They will be divided into groups of 10 to 15 people, and each group will be guided by one of our staff.

Our staff will make some stops in order to give some explanations about the city (please note that they are not official tour guides).
